NUTRI DIETETIC

PRODIET PARTNER

Help with stress-related
weight gain

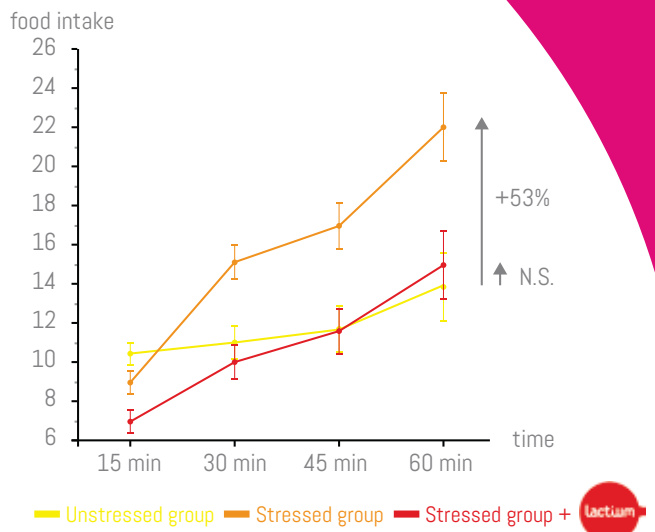

PRODIET Partner contains native proteins, natural sources of carbohydrates and fat to create a perfect, **natural meal replacement**.

According to EFSA, meal replacement has two very important benefits:

- Safe, effective, & healthy weight loss; greater weight loss than with conventional calorie counting,
- Maintenance of weight loss after significant weight loss.

PRODIET Partner contains , unique bioactive ingredient developed by Ingreedia, which acts on stress symptoms, especially to **help reduce food cravings**.

Influence of stress on food intake

PRODIET Partner is easy to use: instant formula directly rehydrated by consumers. We recommend mixing 50g of powder with 200 ml water (6.7 fl oz) / 1 or 2 servings per day.

PRODIET Partner is specifically designed for consumers who are looking for a safe addition to a successful diet.
